

Sapling Original Equipment

Analog Clocks

Whether you prefer analog or digital, these clocks have what you need to make a fully functional clock system.

All products on this page are non-returnable.

Digital Clocks

Model No.	Description	Each
SAM Series Smart Clocks		
SAM-1BS-12R-1-WEB	12", 120vac	\$199.95
SAM-1BS-12R-4-WEB	12", 24vac	\$199.95
SAM-1BS-16R-1-WEB	16", 120vac	\$269.95
SAM-1BS-16R-4-WEB	16", 24vac	\$269.95

SAM Series

- The clocks automatically recognize these protocols:
 - 3-wire digital communication
 - 2-wire digital communication
 - Sync-wired 59th minute correction
 - Sync-wired 58th minute correction
 - Sync-wired National Time and Rauland
- Fully automatic plug and play; no setting required
- Automatic frequency detection
- Quick correction for time change (maximum 5 min.)
- UL, cUL Listed; FCC Approved**

Model No.	Description	Each
SRM RS485 Series Clocks		
SRM-1BS-12R-1-WEB	12", 120vac	\$249.95
SRM-1BS-12R-4-WEB	12", 24vac	\$249.95
SRM-1BS-16R-1-WEB	16", 120vac	\$299.95
SRM-1BS-16R-4-WEB	16", 24vac	\$299.95

SRM Series

- Uses local power plus two wires for communication
- Unlimited clocks can be run on the same communication line when daisy chained
- Data LEDs for verification of transmission and receipt of data
- Analog and digital clocks can be run on the same communication line
- UL, cUL Listed, FCC Approved**

Model No.	Description	Each
Double Dial Brackets (for SAM & SRM Series)		
SAB-4BD-12R-0-WEB	12" bracket	\$149.95
SAB-4BD-16R-0-WEB	16" bracket	\$169.95

*Note for Double Dial Clocks:

For analog clocks, purchase two clocks and one bracket to create the double dial clock.
 For digital clocks, purchase two surface clocks of either size and one bracket to create the double dial clock.

Model No.	Description	Each
3100 Series Surface Clocks		
SBD-31S-254-4R-WEB	2.5", 4 digit, 24vac	\$239.95
SBD-31S-404-4R-WEB	4", 4 digit, 24vac	\$329.95
3100 Series Flush Clocks		
SBD-31F-254-4R-WEB	2.5", 4 digit, 24vac	\$245.95
SBD-31F-404-4R-WEB	4", 4 digit, 24vac	\$324.95
3200 Series Surface Clocks		
SBD-32S-254-1R-WEB	2.5", 4 digit, 120vac	\$324.95
SBD-32S-404-1R-WEB	4", 4 digit, 120vac	\$384.95
3200 Series Flush Clocks		
SBD-32F-254-1R-WEB	2.5", 4 digit, 120vac	\$329.95
SBD-32F-404-1R-WEB	4", 4 digit, 120vac	\$399.95
3300 Series Surface Clocks		
SBD-33S-254-1R-WEB	2.5", 4 digit, 120vac	\$469.95
SBD-33S-404-1R-WEB	4", 4 digit, 120vac	\$529.95
3300 Series Flush Clocks		
SBD-33F-254-1R-WEB	2.5", 4 digit, 120vac	\$529.95
SBD-33F-404-1R-WEB	4", 4 digit, 120vac	\$546.95
Double Dial Bracket		
SAB-4GD-00S-0-WEB	DD* bracket	\$79.95

Common Features

- Immediate correction for time change, when used with RS485 or 2-wire digital communication input
- 6 digit display also available
- 12 or 24 hour display
- Interfaces with Sapling's Elapsed Timer for chronograph timer functionality (3200/3300)
- "Bell", "FirE" and addressable messaging capabilities
- Automatic Daylight Saving Time (when used as a primary clock)
- Up to four levels of programmable brightness (depending on model)
- Alternating time/date display
- Ten year battery backup
- UL, cUL, FCC pending
- Made in the U.S.A.

Additional 3200 Features

- Elapsed Timer capabilities
- RS485 input

Additional 3300 Features

- Can interface with existing systems
- Elapsed Timer capabilities
- 58 minute, 59 minute, National Time and Rauland sync wire inputs, Midnight Reset input, RS485 input and output and two wire digital communication input
- Interfaces to most Rauland and Dukane Master Clock/ Intercom systems
