

AllSync IQ[®] Wired System *Helping solve your timekeeping needs*

“Plug & Play” Connection

The Wired Solution for:

- Schools
- Healthcare
- Universities
- Manufacturing
- Government

The AllSync IQ Wired Master Clock System provides synchronized time and auto-adjustments to daylight saving time for every clock throughout your facility to improve productivity and reduce maintenance costs.

Stock One Brand of Clock - AllSync Plus clocks are compatible with your existing synchronous system.

Easy to Connect - Change clocks in a snap because All Sync Plus clocks are shipped with a complete quick connect, color-coded Molex[®] plug.

Extremely Accurate - Perfectly synchronized time is visible on every clock in your facility. AllSync Plus clocks are accurate to +/- one second to the master clock.

Replace as Needed - Maintain your existing system and replace defective clocks as allowed by your budget.

No Power, No Problem - AllSync Plus clocks provide 15 minutes of backup power, then synchronize hourly and every 12 hours to the master clock.

Remote Ethernet Access - Schedule activation of your wired audio/visual devices for shift or class changes via Remote Connect.

Affordable - The average price of AllSync Plus clocks is up to 28% less than traditional mechanical clocks and use up to 80% less energy!

AllSync Plus Can Replace Them All!

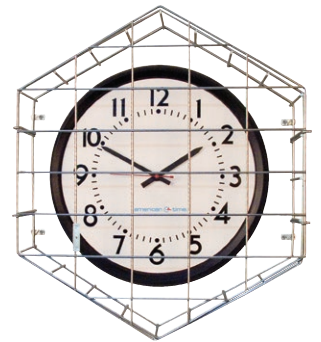

AllSync Plus[®] Wired Clocks

AllSync Plus clocks are the best replacement clocks on the market and the perfect choice when running multiple clock systems. All Sync Plus adapts to the clock correction protocol upon installation, with no manual adjustment necessary.
