

Small Multi-Purpose Guards

American Time guards are plated and clear coated for corrosion resistance and optimal appearance. The finish on the guards is designed for protection wherever they are used, inside or outside. Some of the guards are hinged for easy access to the product after attachment to the wall. Mounting hinges can be added to all other guards. Call our customer service representatives for pricing.

Our guards are manufactured with #3 gauge, (approx. .250" diameter), #6 gauge (approx. .200" diameter), #8 gauge (approx. .175" diameter) or #8 gauge (approx. .150" diameter) wire material. Guards have welded tabs with mounting holes (designed to accept .250" diameter fastening lags, bolts or screws) or looping foot attachments for easy installation.

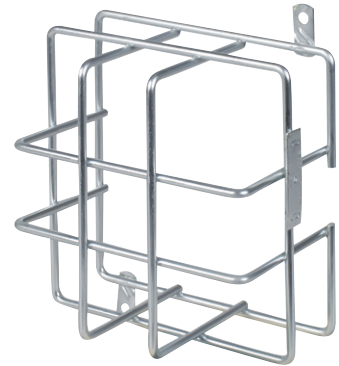

FEATURES

- Bright zinc plated or red
- Epoxy lacquer clear coat
- Multiple sizes
- Constructed with heavy gauge wire
- Some with conduit spacer

ORDERING INFORMATION

6 Gauge Rods

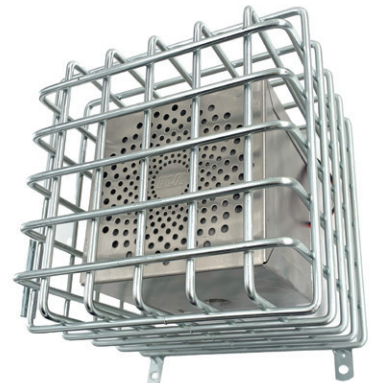

Part #	Size	Opening Size
G763-W	5" x 4" x 3" deep	2½" x 2¾"
G2367-R	5" x 6" x 3" deep	2¾" x 2¼"
G2025	5½" x 5½" x 3" deep	1½" square
G2025-R	5½" x 5½" x 3" deep	1½" square
G2007	5½" x 5½" x 6" deep	1½" square
G2007-R	5½" x 5½" x 6" deep	1½" square
G2368	5½" x 4½" x 3" deep	2½" square and 1¼" x 2½"
