Save Cancel

While there is no limit to the number of events you may schedule, when filtered an individual device is limited to a maximum of 50 events per day.

## Mounting

The Wi-Fi Indoor Horn is easily mounted to a wall using the six keyhole openings on the back of the enclosure.

At American Time, we continually strive to improve our products to meet our customers' needs and to provide the best possible value. The above specifications are believed to be correct, are subject to change without notice and may otherwise vary from the above. Please call if you need verification of any specifications or the suitability of a particular product for a particular application.
